- Training is not included in the purchase price of our machines.
- Training includes but is not limited to instruction on the proper set-up of the laminator, its safety features and their operation, machine controls and their use, application training, cleaning and maintenance.
- Training does not include unloading, uncrating, or installation of laminator. The machine shall already be installed with electrical service checked and live into the machine.
- The owner is responsible for providing all images, substrates, and additional laminates that are not provided with our training fee.
- The training appointment is made 7 - 14 business days after the customer takes delivery of the machine.
- Training is scheduled according to availability of training personnel, site location, the cost and availability of transportation to and from customer site and lodging.
- For expedited training, additional costs may be incurred due to travel availability.
- Fee schedule applies to the US 48 states only. Call Neschen Americas Technical Service department for quote on trainings outside of the US 48 contiguous states.
- Training fees for Out of Production machines will be billed at our Hourly Service Rates and will include a call charge and all travel expenses if needed.
- For information on uncrating a machine, visit our website, www.neschenamericas.com, to view training videos.
