

US DOMESTIC TRAINING FEE SCHEDULE AND SERVICE RATES

Training is not included in the purchase price of our machines. Training may include, but is not limited to instruction on the proper set-up of the laminator, its safety features and their operation, machine operating features, machine controls and their use, webbing the machine, decaling, mounting, and other application training, cleaning and maintenance. Training does not include unloading, uncrating, or installation of laminator. The machine shall already be installed with electrical service checked and live into the machine. The owner is responsible for providing all materials, laminates, substrates, images, and samples. Generally, the training appointment is made 7 - 14 business days after the customer takes delivery of the machine.
